WHAT WE WANT TO ACHIEVE

- Laying a strong foundation
- Nurturing well-rounded individuals and passionate lifelong learners
- Providing learning opportunities that recognise their strengths and develop their full potential
- Preparing our children for the future

TRANSITION TO PRIMARY 1

When your child enters primary school, they will experience:

New friends and
teachers

HOW CAN I PREPARE MY CHILD FOR PRIMARY 1?

In primary school, your child will be equipped with skills to:

- Adjust to a larger learning environment
- Interact with more peers and teachers
- Adapt to longer school hours
- Become more independent and responsible

Parents may access the video via:
<https://go.gov.sg/transition-to-primary1>

HOW CAN YOU SUPPORT YOUR CHILD THROUGH THE TRANSITION?

- **Support** your child and encourage them to overcome challenges with you
- **Affirm** your child by recognising small successes and praising their efforts
- **Familiarise** your child by easing them into new routines and sharing with them your experiences in primary school
- **Empathise** and acknowledge your child's feelings

Supporting your child's transition through Primary 1

Build a caring home environment to nurture the social and emotional skills of your child using these S.A.F.E. tips.

The infographic is divided into four main sections:

- SUPPORT:**
 - Commit some time every weekend to play games and have fun together.
 - Visit places or take part in events that both of you enjoy.
 - Encourage your child to make new friends.
 - Try out FTGP* Family Time activities.
- AFFIRM:**
 - Encourage your child when he makes observations. E.g. Say "That's interesting!" and ask why he/she said that.
 - Recognise small successes. E.g. Say "You've made another new friend in class - well done!"
- FAMILIARISE:**
 - Find out what primary schools have in store for students these days.
 - Do practical things to ease your child into new routines. E.g. Plan daily routines together; teach your child new habits like packing his/her bag.
- EMPATHISE:**
 - Teach your child words that describe feelings.
 - Acknowledge your child's emotions. E.g. "It's okay to feel anxious about starting school."
 - Understand your child's needs. E.g. Start bedtime early. Children need a lot of sleep.

**From Teacher Guidance Period*

Spend Time Chatting. Use T.A.D.

Talk
Talk about fond memories of your own school days.
E.g. What you did in Primary One; kind teachers and cheeky classmates you had.

Ask
Ask about his/her thoughts and feelings about the school.
E.g. FTGP* activities; when he/she felt happiest.

Discuss
Discuss together what can be done if he/she has worries at school.
E.g. Explore how people deal with conflicts.

QUICK TIPS

- Listen without interrupting.
- Nod your head and ask questions to show interest and affirmation.

These tips may be used with children of other ages too; it depends on each child's needs. Using these tips as your child journeys through the school years can help ease anxiety and worries, and build warmer and closer relationships at home.

WHAT DOES your CHILD NEED AT PRIMARY 1?

- Every child develops at a different pace
- Some children learn things earlier, others need more time
- Allowing them to learn at their own pace helps them enjoy the learning process
- Some skills that parents can develop are:
 - Relating to others
 - Developing good habits
 - Nurturing positive learning attitudes

Mastering the ABCs is well and good but having seen 29 years of children enter primary school through her doors, Mrs Marjorie Seek of CHIJ Katong Primary observes that these six soft skills are even more essential in preparing students for primary school.

Entering Primary 1 can be a big step for a child — and the parents. While parents often consider

RELATING TO OTHERS

Build your child's interpersonal skills by:

- Modelling the use of friendly and polite phrases
 - “Hello! My name is...What is your name?”
 - “May I please...”
- Providing opportunities for your child to share and take turns during playtime with other children

DEVELOPING GOOD HABITS

Routines help your child build confidence and learn to manage themselves.

Guide your child to do the following independently:

- Dress themselves
- Buy food at the canteen
- Make healthy food choices
- Pack their bag
- Wash their hands
- Take their temperature using a thermometer

NURTURING POSITIVE LEARNING ATTITUDES

Developing the right learning attitude will help your child learn better.

You can encourage your child to:

- Ask questions about their experiences and the world around them
- Express their thoughts and feelings and discuss what can be done if they have worries
- Practise life skills independently like buying food and drinks on their own and asking for permission

SCHOOL-HOME PARTNERSHIP

Our children do best when schools and parents work hand in hand to support them.

Help your child succeed in life

Our children do best when schools and parents work hand in hand to support them. Here are some tips to make this happen...

Work with the school to know and support your child

- Have regular conversations with teachers in both academic and non-academic areas – this will help you better guide your child's development.
- Check the teachers' preferred mode of communication – they are not required to share their mobile numbers.
- Understand that teachers may not be able to respond to your queries immediately.

Help your child relate to others

- Work with the teachers to help your child respect differences and resolve disagreements amicably.
- Let the school verify the facts in any incident before taking action to ensure a fair, objective outcome for all parties.

Help your child develop good habits

- Create a conducive home environment for your child to enjoy reading and to finish his/her homework by himself/herself.
- Encourage your child to live a healthy, balanced life with time for sleep and play.

Help your child manage himself/herself

- Guide your child in managing his/her time.
- Encourage your child to help out with household chores.

Our children succeed when parents and schools work hand in hand.

SCHOOL-HOME PARTNERSHIP

2 Developing your child

1 Knowing your child

3 Building partnership with the school

KNOWING YOUR CHILD

Understand your child's strengths and interests.

- Work with your child's teachers to understand their strengths, interests and development in academic and non-academic areas
- Ask about your child's thoughts and feelings about school

DEVELOPING YOUR CHILD

Partner the school in the holistic development of your child.

- Allow your child to develop independence
- Encourage your child to participate in school activities
- Talk to your child regularly about values and nurture their interest in learning
- Affirm your child by recognising their efforts

BUILDING PARTNERSHIP WITH THE SCHOOL

Maintain regular communication through official school channels.

- Have regular conversations with teachers in both academic and non-academic areas - this will help you better guide your child's development
- Ask the teacher for the best way and time to contact them

SOME QUESTIONS YOU MAY HAVE...

Reading is a habit that we can build.

Interest your child in reading

- It is never too late to start getting your child interested in books
- Take your child to the library, expose them to various picture books and read together for a start
- Students will be introduced to various genres of books, and be taught how to blend letter sounds through games or craft work

You can encourage your child for any effort in learning to read.
Most importantly, reading should be a fun learning process.

SOME QUESTIONS YOU MAY HAVE...

My child takes so long to complete her work. Will she fall behind?

© Ministry of Education, Singapore. All Rights Reserved.

Children pick up time management at a different pace and can improve with help.

Support your child in time management

- Parents can model this with your child at home with small tasks and everyday activities
- If you find your child struggling with completing their tasks or homework within a given time, it could also mean that they are not sure how to go about completing them
- If you notice any learning issues, do reach out to the school early

Be specific about how much time they should spend on the work, and what time they should complete the work.

SOME QUESTIONS YOU MAY HAVE...

Asking for help may not seem obvious to a child.

Teach your child how to ask for help

- Here are some steps you may teach your child:
 - **Step 1:** Look for someone who can help
 - **Step 2:** Check if that person has the time to help; if not, look for another suitable person
 - **Step 3:** Share what the problem is and how they feel
 - **Step 4:** Listen carefully to the advice given
 - **Step 5:** Thank the person for the help

**Practise with your child at home how to ask for help.
Remember to praise them for their efforts.**

SOME QUESTIONS YOU MAY HAVE...

Students may enjoy recess so much that they forget to eat. Some students may not be eating because they are shy about ordering food.

Encourage your child to eat during recess

- Let your child practise ordering food and making payment when out with the family
- If they need more time to build their confidence or observe how it is done by other students, you may pack a lunch box in the meantime, so they will always have something to eat
- If you worry that your child is not eating at all, discuss with your child's teacher

Remind your child that eating during recess is important as it helps them learn better in class.

KEEPING CHILDREN HEALTHY – A GUIDE FOR PARENTS

Is your child transitioning to P1?

Unlike preschool where your child is served meals based on a fixed menu, they will have to start making more independent choices about what they want to eat in primary school.

This transition from being served to choosing for themselves can be daunting for children. Prepare them for it in the following ways:

- Talk to your child about 'My Healthy Plate' and highlight the importance of different food groups in our diet. Teach them how to choose a combination of dishes using the 'quarter-quarter-half' method so they learn to incorporate all food groups in their meals.

Here is an example of a meal that is not well-balanced, and a couple that are:

How To Use This Book?

Primary school is an exciting time for all – not just for the kids, but for parents, too!

In this book, you'll find **10 tips for parents** – to help you and your child adjust smoothly to primary-school life. Each tip includes activities which you can do together.

As this is an e-version, you may want to download this and print it, and let your child write or draw on paper. If you prefer an environmental-friendly way, screenshot the pages, or download it and use a mobile application for your child to doodle on it.

With your child, pick the activities that you'd like to do. You don't have to do them all!

Use an application and allow your child to doodle on it!

Activities Inside Include:

Pledge

Make promises and keep them

Every child needs encouragement

Show gratitude.
It's a great habit

Make something awesome together

Get familiar with new routines

Keep that conversation flowing

This will be a year of making great memories together. Have fun learning with your child!

TIP 2

Practise Routines

Building good habits helps your child cope with the many new things they will encounter this year.

School is a lot more structured than your child is used to. Lessons are longer and so is the school day. Buying food at recess is a new experience and they will need to go to the washroom on their own. After-school activities and homework might take some getting used to. Practising routines will help your child face the unfamiliar with a smile!
